120cm x 50cm	1x LED Surround 34w 4000° Kelvin

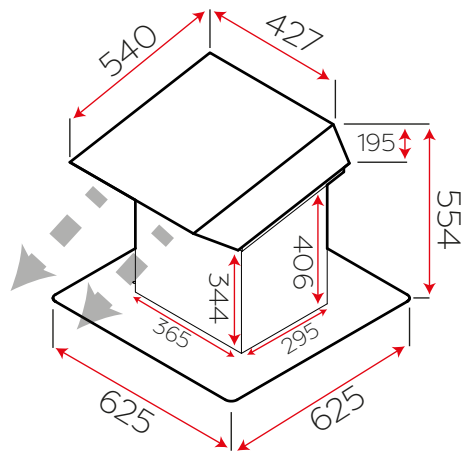

Our external motors are designed with a round 6" or 8" ducting outlet.

- 1400m³/hr motors have a 6"/150mm outlet. Adapters will not fit directly on to the motor exhaust. A small piece of round ducting will be required to fit on to the outlet first. These motors can be ducted up to 6m.
- 2000m³/hr motors have a 8"/200mm outlet. Adapters will fit directly on to the motor exhaust. Round plastic ducting pipe will not fit on to the outlet. These motors can be ducted up to 8m.
